**Why we ask for this information**

We have devised these questions to reflect data requested by our funders. The data gathered from this section of the form will be used to:

- inform our Equalities, Diversity and Inclusion Action Plan and analyse its effectiveness
- inform our access measures and analyse their appropriateness
- report to our funders
- inform and shape our future recruitment

The questions are tick box with the option the self-describe. We have chosen this to allow data comparison and measurement. We acknowledge that although this is useful in some respects, such ways of gathering information can be limiting and does not reflect the full scope of someone's identity and/or experience. As we develop our approach to data gathering and feedback, we will revisit this to see if there are more effective ways of gathering this information. If you have any questions on why this data is being gathered and how it will be used, or would like to offer feedback, please get in touch with us on [scotland@lux.org.uk](mailto:scotland@lux.org.uk)
